EXPERIENCE

July 2012 - Present

CONSTELLATION WEB SOLUTIONS

FRONT-END DEVELOPER

I develop, redesign and maintain real estate web sites; diagnose issues and bugs; create web graphics; provide estimates for proposed work; and train fellow designers in following HTML/CSS standards and guidelines.

September 2008 - July 2012

WISCONSIN INSTRUCTIONAL TECHNOLOGY RESOURCE CENTER

WEB DESIGNER/LAB MONITOR

I created, redesigned, reorganized and managed web sites for the College of Education and Professional Studies (COEPS) and assisted students, faculty and staff within COEPS with technological issues.

EDUCATION

September 2008 - May 2012

UW - WHITEWATER

I double majored in Media Arts and Game Development (Visual Design emphasis) and Journalism (Print emphasis). I also minored in Web Design and Development. I made the Dean's list three semesters and graduated with a 3.338 overall GPA. I assisted the Student Organization for Web Design (SOWD) in a web site workshop for other student organizations as the main speaker in March of 2011. I also served as Webmaster for SOWD, and in Zeta Phi Eta, I served as Co-President, Secretary, Community Service and Technology.

September 2007 - May 2008

UW - STOUT

I learned key skills and concepts in art and design from art studio and history classes. I transferred since I switched to a major UW-Stout didn't offer.
